Joint Stipulation on Damages; Trivalent Influenza (Flu) Vaccine; Guillain-Barré Syndrome (GBS); Chronic Inflammatory Demyclinating Polyneuropathy (CIDP)

Diana Stadelnikas Sedar, Maglio Christopher & Toale, PA, Sarasota, FL, for petitioner. Lisa Watts, United States Department of Justice, Washington, DC, for respondent.

DECISION<sup>1</sup>

On July 8, 2010, [Redacted] (petitioner), filed a petition pursuant to the National Vaccine Injury Compensation Program.<sup>2</sup> 42 U.S.C. §§ 300aa-1 to -34 (2006). Petitioner alleged that he sustained the first symptom or manifestation of Guillain-Barré Syndrome (“GBS”) and/or Chronic Inflammatory Demyclinating Polyneuropathy (“CIDP”) as a result of his receipt of a trivalent influenza (“flu”) vaccine, which he received on or about September 26, 2009. Petitioner alleges that he experienced the residual effects of this injury for more than six months.

<sup>1</sup> Because this decision contains a reasoned explanation for the undersigned’s action in this case, the undersigned intends to post this ruling on the website of the United States Court of Federal Claims, in accordance with the E-Government Act of 2002, Pub. L. No. 107-347, § 205, 116 Stat. 2899, 2913 (codified as amended at 44 U.S.C. § 3501 note (2006)). As provided by Vaccine Rule 18(b), each party has 14 days within which to request redaction “of any information furnished by that party: (1) that is a trade secret or commercial or financial in substance and is privileged or confidential; or (2) that includes medical files or similar files, the disclosure of which would constitute a clearly unwarranted invasion of privacy.” Vaccine Rule 18(b).

<sup>2</sup> The National Vaccine Injury Compensation Program is set forth in Part 2 of the National Childhood Vaccine Injury Act of 1986, Pub. L. No. 99-660, 100 Stat. 3755, codified as amended, 42 U.S.C. §§ 300aa-1 to -34 (2006) (Vaccine Act or the Act). All citations in this decision to individual sections of the Vaccine Act are to 42 U.S.C.A. § 300aa.

On December 12, 2013, the parties filed a stipulation, stating that a decision should be entered awarding compensation.

Respondent denies that the flu vaccine caused petitioner's alleged GBS, CIDP, or any other injuries and further denies that petitioner's current disabilities are sequelae of a vaccine-related injury. Nevertheless, the parties agree to the joint stipulation, attached hereto as Appendix A. The undersigned finds the stipulation reasonable and adopts it as the decision of the Court in awarding damages, on the terms set forth therein.

The parties stipulated that petitioner shall receive the following compensation:

**A lump sum of \$217,000.00, in the form of a check payable to petitioner.** This amount represents compensation for all damages that would be available under 42 U.S.C. § 300aa-15(a).

Stipulation ¶ 8.

The undersigned approves the requested amount for petitioner's compensation. Accordingly, an award should be made consistent with the stipulation.

In the absence of a motion for review filed pursuant to RCFC Appendix B, the clerk of the court **SHALL ENTER JUDGMENT** in accordance with the terms of the parties' stipulation.<sup>3</sup>

**IT IS SO ORDERED.**
