On February 24, 2012, [REDACTED] (petitioner), filed a petition pursuant to the National Vaccine Injury Compensation Program. 42 U.S.C. §§ 300aa-1 to -34 (2006). Petitioner alleged that he sustained a vaccine-related injury diagnosed as Guillain-Barre Syndrome (GBS) that was caused-in-fact by his receipt of an influenza (“flu”) vaccine, which he received on or about October 18, 2011. Petitioner alleges that he experienced the residual effects of this injury for more than six months.

entered awarding compensation.

Respondent denies that petitioner's alleged GBS and residual effects were caused-in-fact by the flu vaccine. Respondent further denies that the flu vaccine caused petitioner any other injury or his current condition. Nevertheless, the parties agree to the joint stipulation, attached hereto as Appendix A. The undersigned finds the stipulation reasonable and adopts it as the decision of the Court in awarding damages, on the terms set forth therein.

The parties stipulated that petitioner shall receive the following compensation:

A lump sum of \$75,000.00, in the form of a check payable to petitioner. This amount represents compensation for all damages that would be available under 42 U.S.C. § 300aa-15(a).

Stipulation ¶ 8.

The undersigned approves the requested amount for petitioner's compensation. Accordingly, an award should be made consistent with the stipulation.

In the absence of a motion for review filed pursuant to RCFC Appendix B, the clerk of the court **SHALL ENTER JUDGMENT** in accordance with the terms of the parties' stipulation.³

IT IS SO ORDERED.
