No. 10-209V
Special Master Christian J. Moran

Filed: March 14, 2011

Stipulation; influenza vaccine;
burning pain; left brachial
plexitis

UNPUBLISHED DECISION¹

Diana L. Stadelnikas, Esq., Maglio Christopher & Toale, Sarasota, FL, for Petitioner;
Lisa A. Watts, Esq., U.S. Department of Justice, Washington, D.C., for Respondent.

On March 10, 2011, the parties filed a joint stipulation concerning the petition for compensation filed by [REDACTED] on April 7, 2010. In her petition, Ms. [REDACTED] alleged that the influenza vaccine, which is contained in the Vaccine Injury Table, 42 C.F.R. §100.3(a), and which Ms. [REDACTED] received on October 24, 2007, caused her to develop a burning pain in her left upper extremity at the site of injection, and she was eventually diagnosed with left brachial plexitis, the effects of which have occurred for more than six months.

¹ Because this unpublished decision contains a reasoned explanation for the special master's action in this case, the special master intends to post it on the United States Court of Federal Claims's website, in accordance with the E-Government Act of 2002, Pub. L. No. 107-347, 116 Stat. 2899, 2913 (Dec. 17, 2002).

All decisions of the special masters will be made available to the public unless they contain trade secrets or commercial or financial information that is privileged and confidential, or medical or similar information whose disclosure would clearly be an unwarranted invasion of privacy. When such a decision or designated substantive order is filed, the person submitting the information has 14 days to identify and to move to delete such information before the document's disclosure. If the special master agrees that the identified material fits within the categories listed above, the special master shall redact such material from public access. 42 U.S.C. § 300aa-12(d)(4)(B); Vaccine Rule 18(b).

Respondent denies that Ms. [REDACTED]'s claimed injury was caused by the influenza vaccine, and denies that her current disabilities are sequelae of her alleged injury.

Nevertheless, the parties agree to the joint stipulation, attached hereto as Appendix A. The undersigned finds said stipulation reasonable and adopts it as the decision of the Court in awarding damages, on the terms set forth therein.

Damages awarded in that stipulation include:

A lump sum payment of \$50,000.00 in the form of a check payable to petitioner. This amount represents compensation for all damages that would be available under 42 U.S.C. §300aa-15(a) to which petitioner would be entitled.

In the absence of a motion for review filed pursuant to RCFC, Appendix B, the clerk is directed to enter judgment in case 10-209V according to this decision and the attached stipulation.

Any questions may be directed to my law clerk, Jennifer C. Chapman, at (202) 357-6358.

IT IS SO ORDERED.

S/ Christian J. Moran

STIPULATION

The parties hereby stipulate to the following matters:

1. On April 7, 2010, _____ (“petitioner”), filed a petition for vaccine compensation under the National Vaccine Injury Compensation Program, 42 U.S.C. § 300aa-10 to 34, as amended (the “Vaccine Program”). The petition seeks compensation for injuries allegedly related to her receipt of influenza vaccine, which vaccine is contained in the Vaccine Injury Table (the “Table”), 42 C.F.R. § 100.3(a).
2. Petitioner received the influenza vaccine on October 24, 2007.
3. The vaccine was administered within the United States.
4. Petitioner alleges that within days of vaccination, she developed a burning pain in her left upper extremity at the site of the injection. She was eventually diagnosed with left brachial plexitis, which she alleges was caused-in-fact by receipt of the influenza vaccine. Petitioner further alleges that she suffered residual effects of this injury for more than six months.
5. Petitioner represents that there has been no prior award or settlement of a civil action for damages as a result of her condition.

6. Respondent denies that petitioner's claimed injury was caused by the influenza vaccine, and denies that her current disabilities are sequelae of her alleged injury.

7. Maintaining their above-stated positions, the parties nevertheless now agree that the issues between them shall be settled and that a decision should be entered awarding the compensation described in paragraph 8 of this Stipulation.

8. As soon as practicable after an entry of judgment reflecting a decision consistent with the terms of this Stipulation, and after petitioner has filed an election to receive compensation pursuant to 42 U.S.C. § 300aa-21(a)(1), the Secretary of Health and Human Services will issue the following vaccine compensation payment:

A lump sum of \$50,000.00 in the form of a check payable to petitioner. This amount represents compensation for all elements of compensation under 42 U.S.C. § 300aa-15(a) to which petitioner would be entitled.

9. As soon as practicable after the entry of judgment on entitlement in this case, and after petitioner has filed both a proper and timely election to receive compensation pursuant to 42 U.S.C. § 300aa-21(a)(1), and an application, the parties will submit to further proceedings before the special master to award reasonable attorneys' fees and costs incurred in proceeding upon this petition.

10. Petitioner and her attorney represent that compensation to be provided pursuant to this Stipulation is not for any items or services for which the Program is not primarily liable under 42 U.S.C. § 300aa-15(g), to the extent that payment has been made or can reasonably be expected to be made under any State compensation programs, insurance policies, Federal or State health benefits programs (other than Title XIX of the Social Security Act (42 U.S.C. § 1396 et seq.)), or by entities that provide health services on a pre-paid basis.

11. Payments made pursuant to paragraph 8 and any amounts awarded pursuant to paragraph 9 of this Stipulation will be made in accordance with 42 U.S.C. § 300aa-15(i), subject to the availability of sufficient statutory funds.

12. The parties and their attorneys further agree and stipulate that, except for any award for attorneys' fees and litigation costs, the money provided pursuant to this Stipulation will be used solely for the benefit of petitioner as contemplated by a strict construction of 42 U.S.C. §300aa-15(a) and (d), and subject to the conditions of 42 U.S.C. § 300aa-15(g) and (h).

13. In return for the payments described in paragraphs 8 and 9, petitioner, in her individual capacity and on behalf of her heirs, executors, administrators, successors or assigns, does forever irrevocably and unconditionally release, acquit and discharge the United States and the Secretary of Health and Human Services from any and all actions or causes of action (including agreements, judgments, claims, damages, loss of services, expenses and all demands of whatever kind or nature) that have been brought, could have been brought, or could be timely brought in the Court of Federal Claims, under the National Vaccine Injury Compensation Program, 42 U.S.C. § 300 aa-10 et seq., on account of, or in any way growing out of, any and all known or unknown, suspected or unsuspected personal injuries to or death of petitioner resulting from, or alleged to have resulted from, the influenza vaccination administered to her on October 24, 2007, as alleged in a petition for vaccine compensation filed on or about April 7, 2010, in the United States Court of Federal Claims as petition No. 10-209V.

14. If petitioner should die prior to entry of judgment, this agreement shall be voidable upon proper notice to the Court on behalf of either or both of the parties.

15. If the special master fails to issue a decision in complete conformity with the terms of

this Stipulation or if the Court of Federal Claims fails to enter judgment in conformity with a decision that is in complete conformity with the terms of this Stipulation, then the parties' settlement and this Stipulation shall be voidable at the sole discretion of either party.

16. This Stipulation expresses a full and complete negotiated settlement of liability and damages claimed under the National Childhood Vaccine Injury Act of 1986, as amended, except as otherwise noted in paragraph 9 above. There is absolutely no agreement on the part of the parties hereto to make any payment or to do any act or thing other than is herein expressly stated and clearly agreed to. The parties further agree and understand that the award described in this Stipulation may reflect a compromise of the parties' respective positions as to liability and/or amount of damages, and further, that a change in the nature of the injury or condition or in the items of compensation sought, is not grounds to modify or revise this agreement.

17. This Stipulation shall not be construed as an admission by the United States or the Secretary of Health and Human Services that the influenza vaccine caused petitioner's injuries, or that her current disabilities are sequelae of her alleged vaccine injury.

18. All rights and obligations of petitioner hereunder shall apply equally to petitioner's heirs, executors, administrators, successors, and/or assigns.

END OF STIPULATION

Respectfully submitted,

PETITIONER:
